

RHRU Team Issues

What Worked

1) Recruitment

- Motivated Team
- Launch of Study, Road shows
- Word of mouth
- Expanding catchment area
- Educating about HSV-2
- Committed CAB

2) Retention

- Verification of locator information
- Retention parties
- Allocating retention to officer
- Offsite visits

3) Adherence

- Pill Box (reminders)
- Morning Health Talks

4) QC

- Innovative ideas
- Modification of database
- Tracking lab results
- Wall drafts for retention tracking

What did not Work

1) Recruitment

- Presentations to churches and STI clinics, media, community recruitment, and referral from VCT sites

2) Retention

- Mobile population

3) QC

- Small team with specialized data personnel
