

Guidance on acknowledgement of support for manuscripts resulting from HPTN funded studies:

1. HPTN funded studies:

Suggested language is provided below. In the parentheses after the U.S. Department of Health and Human Services, list the cooperative agreement numbers for the sites participating in data collection or manuscript development.

Acknowledgements: This study was supported by the HIV Prevention Trials Network (HPTN) and sponsored by the National Institute of Allergy and Infectious Diseases, National Institute of Child Health and Human Development, National Institute on Drug Abuse, National Institute of Mental Health, and Office of AIDS Research, of the National Institutes of Health, U.S. Department of Health and Human Services (list the cooperative agreement numbers of participating HPTN organizations).

2. Studies funded by HPTN and HIVNET (except HIVNET 015, EXPLORE)

Acknowledgement of support for manuscripts resulting from studies funded by HIVNET and then by HPTN should acknowledge both networks:

A. Domestic Studies
