

HPTN Scholars Workshop

Nomtha Fundiswa Bell-Mandla
International Cohort 6
2021-2022

Desmond Tutu TB Centre, Department of Pediatrics and Child Health,
Faculty of Medicine and Health Sciences, Stellenbosch University,
South Africa.

How the HPTN Scholars Program Supported Research Plans

Project planning
support

Project
implementation
support –
Systems, funding &
technical support

Exposure to other
HPTN researchers

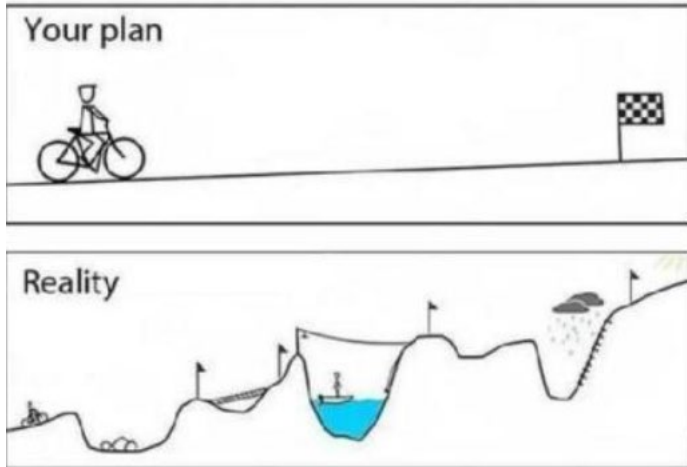

Peer support &
access to HPTN
scholars

Research expert
access & inputs

Dissemination
platforms access

Life Lessons Learnt From HPTN Scholars Opportunity

Plans vs. real life

Visualize long-term goals
Helps with choices during & after
the program

**Work life balance is
under valued &
priceless!**

**Creating your own
village = lifeline**

**Invaluable
opportunities**

Thank you!

Predictors of participant retention in an HIV prevention trial population cohort: perspectives from the HPTN 071 (PopART) study.

Mentors: Prof. Peter Bock, Dr Ayana Moore

ACKNOWLEDGEMENTS

Overall support for the HIV Prevention Trials Network (HPTN) is provided by the National Institute of Allergy and Infectious Diseases (NIAID), Office of the Director (OD), National Institutes of Health (NIH), National Institute on Drug Abuse (NIDA), and the National Institute of Mental Health (NIMH) under Award Numbers UM1AI068619-15 (HPTN Leadership and Operations Center), UM1AI068617-15 (HPTN Statistical and Data Management Center), and UM1AI068613-15 (HPTN Laboratory Center).
